

Accelerated Reader Record Book (Latest Quiz)

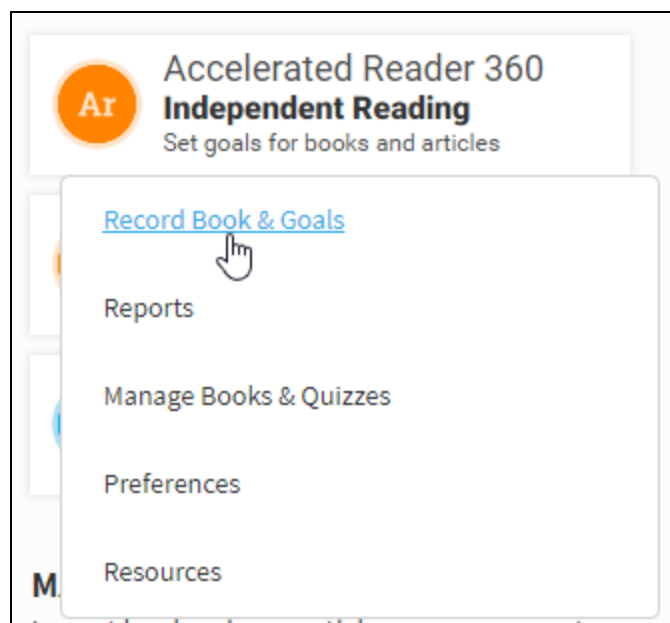

Use the Latest Quiz tab in the Accelerated Reader Record Book to see the latest quizzes that your students have taken, including the date, title, book level, and quiz score.

How to Open the Record Book

Who can do this with default permissions ([../setup/22506](#))?

District Level Administrators, District Dashboard Owners, District Staff, School Level Administrators, Teachers

To open the Accelerated Reader Record Book, on the Home page, select **Accelerated Reader 360 Independent Reading**; then, select **Record Book & Goals** in the menu.

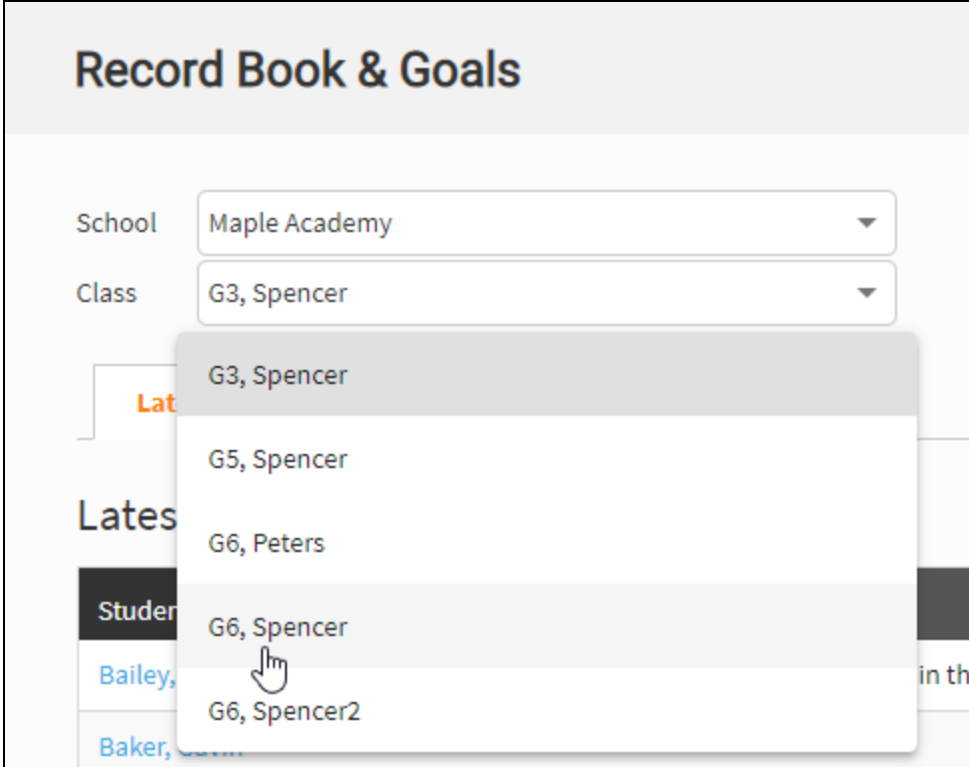

You can also select **Reading Reports** on the Home page; then, on the Accelerated Reader / Reading Practice tab, select **AR Record Book & Goals**.

When you open the Accelerated Reader Record Book, the Latest Quiz tab will be open.

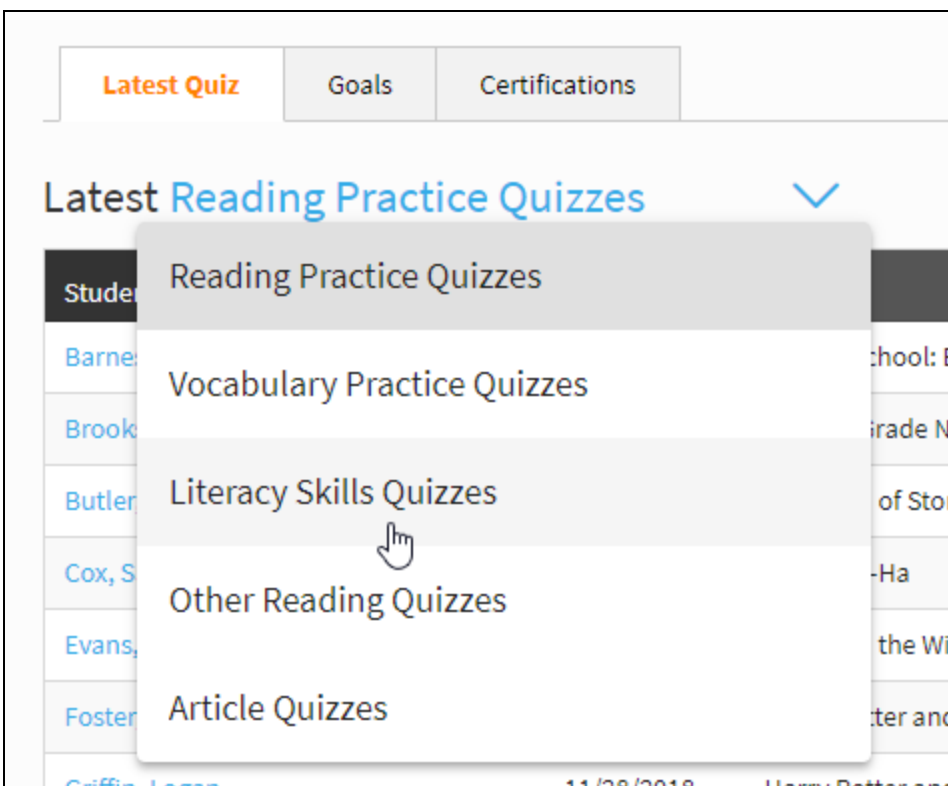

Selecting the School and Class

At the top of the page, you will see a School drop-down list if you have access to more than one school and a Class drop-down list if you have access to more than one class. Use the drop-down list(s) to select the school and class whose information you want to view. You can view information for one class at a time.

Selecting the Quiz Type

When you first come to the Record Book's Latest Quiz tab, you'll see the students' latest Reading Practice Quizzes (RPQuizzes). If you want to see information for another quiz type (Vocabulary Practice Quizzes (VPQuizzes), Literacy Skills Quizzes (LSQuizzes), Other Reading Quizzes (ORQuizzes), or Article Quizzes (ArticleQuizzes)), select the quiz type menu and choose the quiz type that you want to see.

Viewing the Latest Quizzes for the Class

You will see information about the latest quiz that each student has taken (based on the quiz type that you selected). The table includes the quiz date, title, ATOS book level (or Lexile® Measure) of the quiz, and the quiz score. Next to each quiz score, you will see a check mark (✓) if the student passed (PassingPercent) the quiz or an exclamation point (!) if the student failed the quiz. In the example below, most students have passed their latest quizzes, but Alexis has failed her most recent quiz. For more information about how students pass quizzes, see Passing Percentage (PassingPercent).

 The Lexile® Goals preference (ARSTARLexile) determines whether the ATOS book level (ATOS) or Lexile® Measure (ARSTARLexile) is shown in the Record Book.

Deactivated quizzes aren't shown on the Record Book's Latest Quiz tab, but if you select a student's name, you will see any deactivated quizzes for that student in the list on the Student Details page on the Quizzes tab.

If the student has taken a Star Reading test, and the book is outside of the student's Zone of Proximal Development (ZPD) or Lexile® Range, you will see a symbol next to the book level that shows you whether the book was above (↑ ZPD) or below (↓ ZPD) the ZPD or Lexile® Range. (If Lexile® Ranges are being shown, you will see ↑ Range and ↓ Range.) Hover over the symbol to see ideas for potential next steps. In the example below, Hannah's latest quiz is on a book that is above her ZPD.

Perry, Benjamin	11/28/2018	The History of the Green Bay Packers	6.8	90%	✓

Above Student's ZPD

Allowing students to occasionally choose books above their ZPD is ok. Consider providing support, such as reading the book with someone or pre-teaching difficult vocabulary, or direct the student to books within their ZPD.

By default, the table is sorted by students' last names. If you want to sort by one of the other columns (quiz date, title, ATOS book level/Lexile® Measure, or quiz score), select the column heading once to sort in ascending order; select it again to sort in descending order.
