

How to Create a **PRACTICE** Test Session Student View 2014-15

1. Open Google Chrome to the homepage then click the SBAC tab. (tech.ltusd.org)

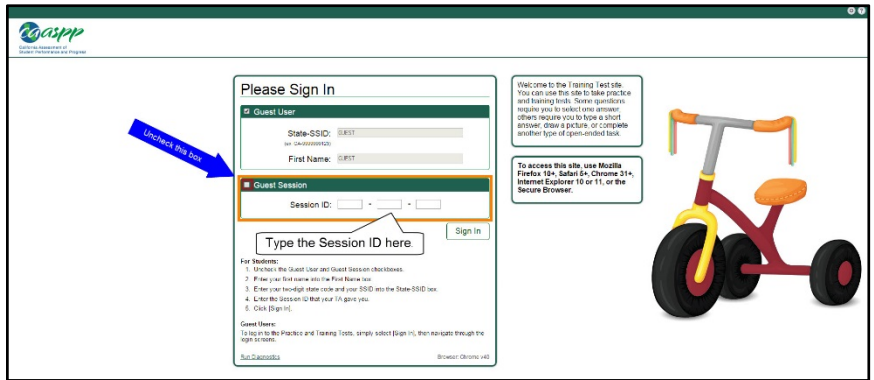

2. Click Take the Practice & Training Tests

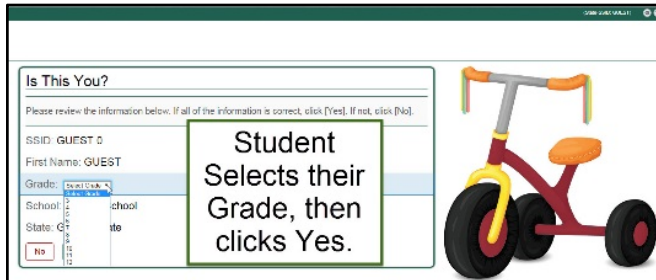

3. It will take them here.

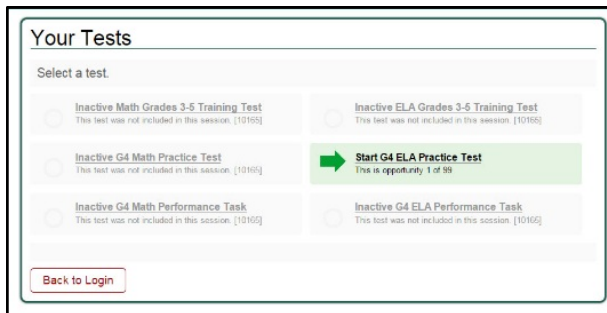

3. Students should leave the first two boxes as guest. They should 'uncheck' the Guest Session box and type in the Session ID created by the TA.

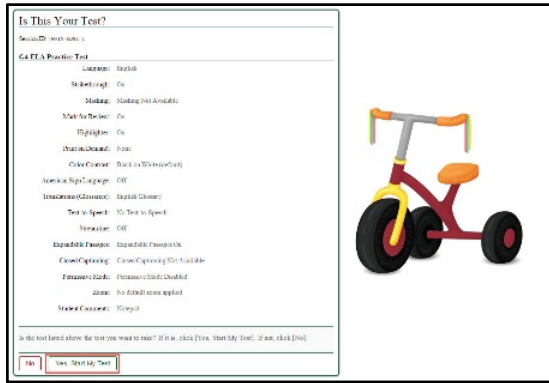

5. Student picks their grade then clicks yes.

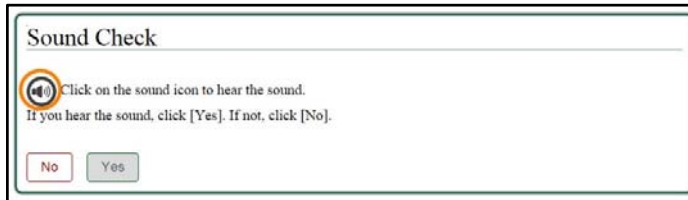

7. Only the test the teacher selected in the TA interface is available to the student to take. Click the test.

8. The student is then shown the supports they're given on the assessment and asked is this your test. They should click yes.

9. Students will then complete the sound check by clicking the speaker icon. If they can hear the chime they click yes.

10. Students are taken to the test instructions and help screen. Once they review these, click Begin Test.
